

9th Webinar

Capacity Augmentation & Service Life Enhancement of Bridges

Managing assets for maximizing service life
and serviceability demands using innovative
modern technologies

13th June 2025, Friday at 4:00 PM to 5:30 PM

Dr. N. Anandavalli

Director, CSIR - Structural Engineering Research Centre, Chennai

Dr. N. Anandavalli is Director, CSIR - Structural Engineering Research Centre, Chennai. After working for a brief period in design consultancy firms, she joined CSIR-SERC as Scientist in 1998. Her research interests include blast response behaviour of structures, computational methods, sustainable materials and multi-scale modelling of composite materials. She is the recipient of Sir Arthur Cotton Memorial Prize 2003 and John C Gammon Prize 2016 from the Institution of Engineers (India) and Dr. M. Ramaiah Prize 2017 from CSIR-SERC. She was awarded the Raman Research Fellowship 2014-2015. She was recognised as one of the India's Most Inspiring Women Engineers & Scientists by Engineering Watch for the year 2014. She is Fellow of INAE, Fellow of IE(I) and Member of ASCE.
